## People: HAUC(UK) involvement

# The work of HAUC(UK)

- HAUC(UK) working together over the last 38 years has made an enormous and valuable contribution to the Street Works industry across the United Kingdom.
- Our working groups work collaboratively to look at key priorities identified by HAUC(UK).
- Some groups are specifically related to devolved nations.
- However, they all work towards solutions that support industry practices and changes, across the whole of the UK.
