---

### **NLPG Awards**

---

#### **NLPG Most Improved**

Winner	Bolton Metropolitan Borough council
--------	-------------------------------------

This award recognises the hard work that LLPG Custodians put into both maintaining their LLPG and constantly improving the integral data quality through planned work activities in order to meet internal and external Pressures. The last year has seen a large number of authorities strive towards reaching gold standard and the winner this year has been able to make significant improvements over the period in all of the improvement schedule criteria as well as data quality improvements measured through data supplied to the NLPG hub.

---

## **NLPG Best in Region Awards**

---

These authorities have all been able to provide a clear message to their peers that a high quality gazetteer can bring with it success and better integration of local data. All authorities have undertaken to not only improve the content of their LLPs but also maintain this high standard as part of their day to day gazetteer work.

### **NLPG Best in Wales**

Winner Neath Port Talbot County Borough Council

### **NLPG Best in West Midlands Region**

Winner Staffordshire Moorlands District Council

### **NLPG Best in Yorkshire & Humberside Region**

Winner Sheffield City Council

---

### **NSG Awards**

---

#### **NSG Most Improved**

Winner Stockton -on-Tees Borough Council

In 2010 there has been a big move to improve the base level quality across all areas of data held within the NSG. We have seen a real commitment to improving both the accuracy and quantity of the data submitted to the NSG hub. Synchronisation of the NSG and NLPG street data has been probably the most challenging of tasks and we are enormously encouraged at the positive response custodians have shown in tackling this issue.

I am very pleased to say that almost all Authorities have shown tremendous improvements and increased commitment to the NSG in 2010. Whilst maintaining their obligations to submit data on a monthly basis, authorities have drastically improved the overall quality of the data.

Choosing a winner in this category was very difficult however one Authority did stand out.

---

#### **NSG Best in Region Awards**

---

Regions continue to play an important role in improvement to the NSG. It is very clear however that regions have had their own local challenges as well as meeting national demands. Local support and cross border working has helped solve a variety of local area issues and promote best practice.

This award has been based on overall quality of the LSG, looking at best practices, partnership working, data quality and prompt submission to the NSG.

These Authorities have been identified as exceptional amongst their peers and are being recognised for their overall contribution to the NSG.

**NSG Best in East Midlands**

Winner Leicester City Council

**NSG Best in East of England**

Winner Hertfordshire County Council

**NSG Best in Greater London**

Winner London Borough of Hillingdon

**NSG Best in North East Region**
