

Roundtable 32: A Streets focus: Helping to shape the future of GeoPlace support and training, Rachel Goodyear, Support Specialist, GeoPlace

Training pilot ideas from conference

- grouped to software they use? Potential collaboration with software suppliers?
- Corporate subscription seemed viable rather than individual
- Promotional gazetteers video - more of an overview for managers
- Overview of third parties and data usage
- Plain english code for errors
- Up for guided learning but having a mentor would be valuable - support for training, doing the courses
- Liked certificate idea and being able to show a level of learning
- Offering 1-1 training as additional charge
- Follow up after training
- Legislation training
