

TRAINING AND ACCREDITATION

Moving with the times

TRAINING AND ACCREDITATION

The Future

- **Consistency**
- **Flexibility**
- **Digitisation**
- **Increased Governance & Security**
- **Competent workforce**

TRAINING AND ACCREDITATION

Competency (HSE)

- Competence in Health and safety should be seen as an important component of workplace activities, not an add-on or afterthought.
- If you use contractors, you have a responsibility to make sure they are competent.

TRAINING AND ACCREDITATION

Working Groups

Group 1: Enhanced use of technology, AI and looking at innovative ways to deliver a continuous assessment process.

Group 2: SWQR Register, Digital cards, and interface with the HAUC App.

Group 3: Qualifications and Structure – How can we make this agile and current.

Group 4: Data and governance. Looking at Security of delivery, using data to understand what works well and what does not.

TRAINING AND ACCREDITATION

Working Groups

Nothing is off the table

Existing qualification structures should remain broadly intact.

Focus is on delivery, technology, governance, and efficiency.

Opportunities for industry engagement

TRAINING AND ACCREDITATION

Outcomes

- Aligned with HAUC(UK) Vision
- Aligned with DfT Review
- Level playing field across the nations
- No significant change to Legislation
